OFFICE OF LEGISLATIVE COUNSEL

Friday - 19 October 1962

1. (Internal Use - JSW) At the request of Mr. Kirkpatrick, I talked with Mr. Charles Boetner in the office of Vice President Johnson. I had attempted to reach George Reedy but he is with the Vice President travelling on the west coast. I informed Boetner that it is possible that [REDACTED]

[REDACTED] might seek an audience with the Vice President. I informed Mr. Boetner that State and the Agency had been consulting on this and State had requested the Agency to advise the Vice President's office that it did not appear to be in the best interests of the Government [REDACTED]

Mr. Boetner said he would make a note of this and that this was the type of request that it was easy for them to comply with.
